TOGETHER WITH KARAWANG REGENCY FACING COVID-19

Jakarta - Toyota Indonesia today (06/09) donated 2 units of Kijang Innova ambulance and 3,000 Personal Protective Equipment (PPE) which consist of Protection Clothes, Disposable Medical Mask, Medical Goggle, Face Shield, and Disposable Mask as a part of our active participation in facing COVID-19 pandemic. Previously, we donated 9.5 ton of rice in May 2020. The donation was handed over by Vice President Director PT. Toyota Motor Manufacturing Indonesia (TMMIN) Edward Otto Kanter to Regent of Karawang Cellica Nurrachadiaena. Also joining Karawang Regency government officials and other TMMIN Board of Directors.

"We would like to convey our deep sympathy to all parties affected by the COVID-19 outbreak and our sincere respect to the Karawang Regency government that has been providing the best for public health in facing COVID-19 pandemic. We hope that the assistance we donate in the form of ambulance vehicles, PPE equipment, and rice as a staple food for the community can help citizens in Karawang even just a little," said Edward Otto Kanter.

We also collaborate with academics such as the University of Indonesia and several Toyota supply chains in the development of various Personal Protective Equipment such as flocked swabs, medical goggle, hazmat suits, bag valve masks, and face shields.

This donation is part of our corporate social responsibility activities in handling COVID-19. From a total of 17 units of Kijang Innova Ambulance that we will donate to various institutions and local

government such as Bekasi, previously we donated 9 units of Kijang Innova Ambulance to the Indonesian Red Cross (PMI), the Ministry of Health of the Republic of Indonesia and local government of DKI Jakarta, as well as 105,000 Personal Protective Equipment (PPE) and 34,800 face mask together with dealers, supply chains and affiliates. We also provide direct assistance in the form of packages of staples and sanitation equipment needed to maintain personal hygiene to prevent transmission of COVID-19 such as hand sanitizers, cloth masks, hand washing antiseptic soap, portable hand washing equipment and other needs to community in the surrounding environment of Toyota Indonesia and Toyota dealers throughout Indonesia.
